

FITC-labeled Anti-Rabbit IgG (A63809)

Specifications:

Name:	FITC-labeled Anti-Rabbit IgG
Description:	FITC-Conjugated Affinity-purified Chicken-anti-Rabbit IgG (H+L)
Host Species:	Chicken
Conjugate:	FITC
Product Form:	Liquid
Concentration:	1.0 mg/mL
Formulation:	Phosphate Buffered Saline, 50% Glycerol, 0.075% sodium azide
Introduction:	Chickens were immunized with highly purified rabbit IgG isolated from normal pooled rabbit serum. After multiple immunizations in Freund's adjuvant, eggs were collected and the IgY fraction prepared. The antibodies were immunoaffinity purified from a solid phase immunoabsorbent and conjugated to fluorescein isothiocyanate (FITC).
