

Anti-S100A9 + Calprotectin Antibody [MAC3157R] (A249928)

Specifications:

Name:	Anti-S100A9 + Calprotectin Antibody [MAC3157R]
Description:	Recombinant rabbit monoclonal [MAC3157R] antibody to S100A9 + Calprotectin.
Specificity:	This antibody recognizes the L1 or Calprotectin molecule, an intra-cytoplasmic antigen comprising of a 12kDa alpha chain and a 14kDa beta chain expressed by granulocytes, monocytes and by tissue macrophages. Macrophages usually arise from hematopoietic stem cells in the bone marrow. Under migration into tissues, the monocytes undergo further differentiation to become multifunctional tissue macrophages. They are classified into normal and inflammatory macrophages. Normal macrophages include macrophages in connective tissue (histiocytes), liver (Kupffers cell) and in other tissues. Inflammatory macrophages are present in various exudates. Macrophages are part of the innate immune system, recognizing, engulfing and destroying many potential pathogens including bacteria, pathogenic protozoa, fungi and helminthes. This MAb reacts with neutrophils, monocytes, macrophages, and squamous mucosal epithelia and has been shown as an important marker for identifying macrophages in tissue sections.
Applications:	IHC-P
Recommended Dilutions:	IHC-P: 1-2 µg/ml
Reactivity:	Human, Baboon, Monkey, Bovine, Porcine, Goat, Horse, Feline, Canine, Rabbit, Guinea Pig, Rat, Mouse
Immunogen:	Affinity purified monocyte membrane preparation.
Host:	Rabbit
Clonality:	Monoclonal
Clone ID:	MAC3157R
Isotype:	IgG
Conjugate:	Unconjugated
Purification:	Protein A/G chromatography.
Concentration:	200 µg/ml
Product Form:	Liquid
Formulation:	Supplied in 10mM Phosphate Buffered Saline with 0.05% BSA and 0.05% Sodium Azide.
Storage:	Shipped at 4°C. Upon delivery aliquot and store at -20°C. Avoid freeze / thaw cycles.

Anti-S100A9 + Calprotectin Antibody [MAC3157R] (A249928)

General Notes:

This monoclonal antibody is also available in a different formulation without BSA and Sodium Azide - Anti-S100A9 + Calprotectin Antibody [MAC3157R] - BSA and Azide free (A253108).

Disclaimer:

This product is for research use only. It is not intended for diagnostic or therapeutic use.
